FROM DEPENDENT TO INDEPENDENT

Treatment Options for Essential Tremor & Parkinson's Disease

Please join **Dr. Drew Kern of the University of Colorado** for a virtual event as he discusses the incisionless, outpatient treatment for patients diagnosed with Essential Tremor and Parkinson's Disease. Event attendees will learn how this innovative treatment can enhance and transform patients' lives by improving hand tremor without invasive surgery.

Sunday, January 22nd, 2023, 4:00 p.m. MST
